ABOUT ROOMDAO

ROOMDAO is a blockchain-based marketplace for travelers which is designed to solve all accommodation and transportation tasks.

It offers hospitality premise lease and rent, house exchange, car rent and numerous travel services and as well as cryptocurrency earning opportunities and financial management solutions.

It is also an innovative ecosystem of peer-to-peer direct communication and contracting for all possible tourist and hospitality services with secure ratings and reviews and all-in-one convenience.

INDUSTRY ISSUES

- No single marketplace

- Inefficient distribution

- Risk of confidentiality breach

- Oligopolistic market nature

- Environmental issues

- Low security level

- Too high service fees

- Corrupted review system

- No cryptocurrency use

roomdao

OUR SOLUTION

As a unique and safe travel marketplace, ROOMDAO does not only offer the latest standards of user-data security based on blockchain technology but also provides more control to its users – DAOROOMERS whose activities may shape the travel market now. The platform's unique features are:

Free registration	Global coverage	Smart contracts
Accommodation	House sharing	Car rent
Travel services	Fin. Management	Rewards
Ratings & reviews	Travel community	Cultural exchange
Wish lists	Ads and promotion	Own cryptocurrency

WHY ROOMDAO MARKETPLACE?

- ROOMDAO offers the widest range of NO-FEE hospitality and travel services;

- ROOMDAO ensures safe contracting & secure storage of sensitive data – financial and business;

- ROOMDAO supports cultural exchange and encourages for new experience.

- ROOMDAO empowers DAOROOMERS to shape the tourist market with their activities;

- ROOMDAO lets you get knowing the Blockchain Technology;

- ROOMDAO provides opportunity to earn ROOMDAO COINS;

- ROOMDAO inspires to travel more by browsing, creating Wish-Lists;
